# Who we are

---

We are a team of enthusiastic people working hard to provide quality products and services. We work squarely with our clients to produce something that surpasses their expectations. Our client satisfaction is what keeps us going forward in our journey.

When you choose to work with us, rest assured that you are going to have your work done in the way that matches your imagination. So, if you are looking for a team that you can trust with your work, then look no further.

Ajiriwa Network was founded in 2017 by Mr. Peter Robert Mgembe who is the current CEO of the company. The vision was to create a recruitment platform that would bring together employers and job seekers and simplify the whole process of recruiting. We are proud to have served for more than three years and have helped hundreds of job seekers secure jobs with our platform.

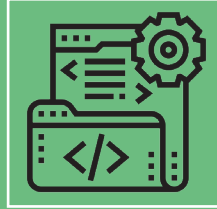

Our company is evolving, we've expanded our services portfolio from just a recruitment platform to a software maker, graphical designers, and web developers. Using the latest technology our team of experts are capable of creating something that stands out according to your needs.

# RECRUITMENT SERVICES

Our recruitment platform ([www.ajiriwa.net](http://www.ajiriwa.net)) has had a share of popularity. With it we've connected many employers with job seekers. We allow companies to create their profiles in our platform and be able to post jobs advertisements. Our platform will receive job applications on behalf of the client, sort and place them somewhere easily accessible by the recruiter.

With our platform employers have access to a wide range of features:

- Post a Job
- Applicant Tracking System(ATS) - The platform receives application and stores them in a way that the recruiter is able to have an easy access and filter applications based on different criteria.
- Candidates recommendations - Create a job post and our give you candidates recommendations according to your job description
- Shortlisting tools - With many applications you can create a shortlist of those who fit for the next step of your recruitment
- Messaging tool - Directly communicate with your candidates right through the system
- Browse Candidates Resume - Search through our growing database of cv and find the person that you need

# SOFTWARE SOLUTIONS
